Name on certificates and degrees: Maffi Devi

SUMMARY

AI web engineer with more than four years of experience in software development and technical training. Founder of A&N Web Services, delivering custom websites, web applications, SEO and AI automation for clients. Developer of DigitalKawach, an AI-based scam-detection app. Trained 2,000+ students in programming, AI and cyber security.

TECHNICAL SKILLS

Languages	Python, JavaScript (ES6+), C, C++, SQL, HTML5, CSS3
Backend and tools	Flask, Node.js, REST APIs, OAuth, Git, GitHub Actions, Render
AI	LLM integration (Groq, Gemini, Claude, OpenAI), AI agents, prompt engineering
SEO and marketing	Technical SEO, AEO, GEO, schema markup, Google Search Console, Google Ads
IoT and design	Arduino, PlatformIO, sensors and microcontrollers; Figma, UI/UX design

EXPERIENCE

Founder & Lead Developer, A&N Web Services, Kaithal Jan 2026 – Present

- Design, develop and deliver all client projects: custom websites, web applications, databases and admin dashboards.
- Developed and released DigitalKawach, an AI-based scam-detection app.
- Build chatbots, voice assistants and workflow automation for client businesses.
- Manage technical SEO, AEO/GEO and Google Ads for clients; the studio holds a 5.0 Google rating from 29 reviews.

AI Instructor, Zed-King Group of Institutions, Kaithal Jul 2024 – Present

- Teach generative AI and prompt engineering; designed the AI curriculum for technical and non-technical learners.
- Built the institute's multi-agent SEO content pipeline, which publishes six articles a day.

Digital & Social Media Manager, Zed-King Group of Institutions, Kaithal Jan 2023 – Present

- Grew the institute's organic social media audience to more than 12,000 followers through content, video and campaigns.

Programming & IoT Instructor, Zed-King Group of Institutions, Kaithal Jul 2022 – Present

- Taught Python, C, C++, HTML, CSS, JavaScript and cyber security to more than 2,000 students.
- Supervised Arduino-based student projects: smart home, smart city, ultrasonic radar and automated waste management.
- Conducted 50+ workshops and bootcamps, including Python and AI bootcamps at six Kendriya Vidyalayas under PM SHRI.

PROJECTS

DigitalKawach (digitalkawach.com): AI-based scam detection for SMS, calls, links, WhatsApp and email using a rule engine, LLM analysis (Groq) and VirusTotal URL reputation. Flask API with Gmail OAuth, deployed on Render.

Multi-agent SEO content pipeline: GitHub Actions pipeline that researches live search results (SerpApi), writes articles (LLaMA 3.3 70B on Groq), adds images and publishes to Blogger, Dev.to, Hashnode and WordPress.

EduTrack (maffi.pythonanywhere.com): Flask application for student performance analysis with PDF reports and an AI tutor.

Client websites: Zed-King Institute of Fire & Safety (website and SEO, ongoing); Sun Rise Sr. Sec. School (CBSE); Haryana Student Career Guide.

EDUCATION

Master of Computer Applications (MCA) , Kurukshetra University	In progress
B.A. Mathematics , Indira Gandhi Mahila Mahavidyalaya, Kurukshetra University (84.7%)	2019 – 2022
O-Level (IT) , NIELIT (78.8%, S grade in Python)	2021 – 2022

CERTIFICATIONS

- Google Certified Educator, Level 2
- Training of Trainers: Emerging Technologies, NIELIT
- Ethical Hacking and Cyber Security workshop, IIT Delhi
- Google Ads: Shopping, Creative and Measurement
- IoT Technologies Workshop, NIELIT
- PTE Academic: overall score 81

AWARDS AND SPEAKING

- India AI Impact Buildathon 2026** (GUVI, HCL): Round 2 qualifier with DigitalKawach among 40,000+ participants.
- Dynamic Educator & Creative Mind Award**, Zed-King Group of Institutions (Jun 2026).
- Chief Guest and Keynote Speaker**, CBSE Computational Thinking & AI Workshop, Kaithal (Jul 2026).
- Special Guest Speaker**, State Level NSS Camp, Dept. of Higher Education, Haryana (Jun 2026); trained 200+ volunteers.
